Dangerous Liaisons Charles Frank Robinson 2003-01-01 In the South after the Civil War, segregation-- and race itself--was based on the

idea that interracial sex posed a biological threat to the white race. In this groundbreaking book, Charles Robinson examines how white southerners enforced

antimiscegenation laws. His findings challenge conventional wisdom, documenting a pattern of selective prosecutions under which interracial domestic relationships were punished even more harshly than transient sexual encounters.

The Advocate Adviser Patrick Califia 1991 "Califia tackles subjects ranging from the ethics of zoophilia to the etiquette of a holy union ceremony, from interracial relationships to in-law problems. No other gay columnist so successfully combines useful advice, an unorthodox perspective, and a wicked sense of humour."-- Publisher's description.

Bearing the Cross David J. Garrow 2015-02-17 Winner of the Pulitzer Prize: The definitive biography of Martin Luther King Jr. In this monumental account of the life of Martin Luther King Jr., professor and historian David

Garrow traces King's evolution from young pastor who spearheaded the 1955–56 bus boycott of Montgomery, Alabama, to inspirational leader of America's civil rights movement. Based on extensive research and more than seven hundred interviews, with subjects including Andrew Young, Jesse Jackson, and Coretta Scott King, Garrow paints a multidimensional portrait of a charismatic figure driven by his strong moral obligation to lead—and of the toll this calling took on his life. *Bearing the Cross* provides a penetrating account of King's spiritual development and his crucial role at the Southern Christian Leadership Conference, whose protest campaigns in Birmingham and Selma, Alabama, led to enactment of the landmark Civil Rights Act of 1964 and Voting Rights Act of 1965. This comprehensive yet intimate study reveals the deep sense of mission King felt to

serve as an unrelenting crusader against prejudice, inequality, and violence, and his willingness to sacrifice his own life on behalf of his beliefs. Written more than twenty-five years ago, *Bearing the Cross* remains an unparalleled examination of the life of Martin Luther King Jr. and the legacy of the civil rights movement.

The Myth of Racial Color
Blindness Helen A. Neville 2016

"Does the election of the first Black president mean that the United States is a 'postracial' society? In this volume, scholars in psychology, education, sociology, and related fields dissect the concept of color-blind racial ideology (CBRI), the widely-held belief that skin color does not affect interpersonal interactions, and that interpersonal and institutional racism therefore no longer exists in America. Contributors survey the theoretical and empirical literature on racial color-blindness; discuss novel ways of assessing and measuring color-blind racial beliefs; examine related characteristics such as lack of empathy and internalized racism; and assess the impact of CBRI across contexts such as education, the workplace, and

health care settings"--Provided

A White Side of Black Britain
France Winddance Twine 2010
A White Side of Black Britain explores the racial consciousness of white women in the United Kingdom who have had children with black men, primarily

British-born men of Caribbean heritage. Contending that social scientists do not adequately understand how white members of black families negotiate race, France Winddance Twine describes the everyday lives of white women raising children of African Caribbean descent in a racially diverse mid-size British city. Varying in age, income, and education, the women at the centre of Twine's ethnography share moving stories about how they met the fathers of their children, how they incorporate ideas about race and racism into their parenting, and how their thinking about race and social relations changed over time. Interviewing and observing more than forty multiracial families over the span of a decade, Twine discovered that the white women's sense of belonging and racial consciousness was derived as much from their interactions with their partner's family and

friends as it was from their romantic relations with black men. In addition to the white birth mothers, Twine interviewed their children, partners, and extended families, and her book can be read in part as a dialogue about race among black and white members of the same families. It includes intimate photographs of the women and their children, partners, extended families, and community.

Uncomfortable Conversations with a Black Man Emmanuel Acho 2020-11-10 INSTANT NEW YORK TIMES

BESTSELLER An urgent primer on race and racism, from the host of the viral hit video series “Uncomfortable Conversations with a Black Man” “You cannot fix a problem you do not know you have.” So begins Emmanuel Acho in his essential guide to the truths Americans need to know to address the systemic racism that has recently electrified protests in all fifty states. “There is a fix,” Acho says. “But in order to access it, we’re going to have to have some uncomfortable conversations.” In *Uncomfortable Conversations With a Black Man*, Acho takes on all the questions, large and small, insensitive and taboo, many white Americans are afraid to ask—yet which all Americans need the answers to, now more than ever. With the same open-hearted generosity that has made his video series a phenomenon, Acho explains the vital core of such fraught concepts as white privilege, cultural appropriation,

and “reverse racism.” In his own words, he provides a space of compassion and understanding in a discussion that can lack both. He asks only for the reader’s curiosity—but along the way, he will galvanize all of us to join the antiracist fight.

MLK: An American Legacy

David J. Garrow 2016-06-28 Three meticulously researched works—including Pulitzer Prize winner *Bearing the Cross*—spanning the life of civil rights icon Martin Luther King Jr. This collection from professor and historian David J. Garrow provides a multidimensional and fascinating portrait of Martin Luther King Jr., and his mission to upend deeply entrenched prejudices in society, and enact legal change that would achieve equality for African Americans one hundred years after their emancipation from slavery. *Bearing the Cross* traces King's

evolution from the young pastor who spearheaded the 1955–56 bus boycott in Montgomery to the inspirational leader of America's civil rights movement, focusing on King's crucial role at the Southern Christian Leadership Conference. Garrow captures King's charisma, his moral obligation to lead a nonviolent crusade against racism and inequality—and the toll this calling took on his life. Garrow delves deeper into one of the civil rights movement's most decisive moments in *Protest at Selma*. These demonstrations led to the landmark Voting Rights Act of 1965 that, along with the Civil Rights Act of 1964, remains a key aspect of King's legacy. Garrow analyzes King's political strategy and understanding of how media coverage—especially reports of white violence against peaceful African American protestors—elicited sympathy for the cause. King's fierce determination to overturn the

status quo of racial relations antagonized FBI director J. Edgar Hoover. The FBI and Martin Luther King, Jr. follows Hoover's personal obsession to destroy the civil rights leader. In an unprecedented abuse of governmental power, Hoover led one of the most invasive surveillance operations in American history, desperately trying to mar King's image. As a collection, these utterly engrossing books are a key to understanding King's inner life, his public persona, and his legacy, and are a testament to his impact in forcing America to confront intolerance and bigotry at a critical time in the nation's history.

The Age of Independence

Communities in Action National Academies of Sciences, Engineering, and Medicine 2017-04-27 In the United States, some populations suffer from far greater disparities in health than others. Those disparities are caused not only by fundamental differences in health status across segments of the population, but

also because of inequities in factors that impact health status, so-called determinants of health. Only part of an individual's health status depends on his or her behavior and choice; community-wide problems like poverty, unemployment, poor education, inadequate housing, poor public transportation, interpersonal violence, and decaying neighborhoods also contribute to health inequities, as well as the historic and ongoing interplay of structures, policies, and norms that shape lives. When these factors are not optimal in a community, it does not mean they are intractable: such inequities can be mitigated by social policies that can shape health in powerful ways. **Communities in Action: Pathways to Health Equity** seeks to delineate the causes of and the solutions to health inequities in the United States. This report focuses on what communities can do to promote health equity,

what actions are needed by the many and varied stakeholders that are part of communities or support them, as well as the root causes and structural barriers that need to be overcome.
